

There is a lot of information on the Academic Plan. Viewing this from a phone or mobile device may be difficult and performance may be limited. It is recommended that the Academic Plan be utilized on a non-mobile device.

The Academic Planner displays the courses the student has planned to take in each school year (represented by grade level).

## Academic Plan

You can search for and add courses using the Course Catalog option, or if you know the course name or course number, you can add the courses directly to your plan.

**Add Courses from the Course Catalog:** Use the Course Catalog to locate courses that would be of interest to you. If you know the name of the course, enter that name in the field, or a partial name. Matching results display. When a course is chosen, a description displays, providing more information about the curriculum of the course, any planning rules set for the course, total number of credits given, course fees (if any), and an option to add that course to the plan.

Your counselor or administrator may have loaded required courses on your course plan. Please contact them with additional questions.

## Add Alternate Courses to the Plan – Select 3 Courses

Adding alternate courses is done the same way as entering other courses. Enter alternative courses to take in the event the planned courses cannot be scheduled. Alternate courses are placed on the schedule based on the order assigned to the alternate courses.

Use the arrows to move the courses into the desired order. In the example below, if an alternate course is going to be placed on your schedule, it attempts to place the course first in the list.
