SCHOOL COUNSELOR LONG TERM SUB

Hi everyone! My name is Erin Osness and I will be filling in for Ethan Anderson for the next few months while he is on parental leave. I am so excited to begin my career here at Sandhill Elementary!

I am originally from Wausau, Wisconsin and I recently graduated from UW-Stout with a master's degree in School Counseling. I previously attended UW-Madison, where I received degrees in Social Welfare and Spanish. I'm very happy to be back in the Madison area! In my free time I love to travel, read, run, and spend time with friends and family.

I will be at Sandhill on Tuesdays and Thursdays starting January 28th. I'm looking forward to working with you all!

STUDENT TEACHER IN PHY. ED.

Austin Minnott will be working with Ms. Reese during the 3rd quarter. Mr. Minott is from Janesville. He says that, "Health, physical activity, teaching, as well as learning, are passions of mine, and I can not think of a better way to pursue my passions than to be a positive and influential role model in others lives. I really enjoy being outdoors, partaking in activities such as camping, water sports, biking, rollerblading, golf as well as gardening. I play in a co-ed recreational hockey league in Janesville in my spare time, and am also currently in the process of planning my second annual golf outing fundraiser to benefit the Rock County Cancer Coalition. I also enjoy traveling and exploring other cultures. "

SEL PARENT CONNECTION

All Sandhill students have been talking about identifying and managing strong emotions during Second Step lessons. Students have been learning to recognize strong emotions by how their bodies feel. When we experience strong emotions, such as anger, anxiety, embarrassment, or frustration, our bodies give us clues. We might feel our face turn red, our hands might be sweaty, our heart might beat more quickly, or we might have an upset stomach. These are all clues that our body sends to let us know we are experiencing a strong emotion and need to calm down. To respond to this, the calming down steps were introduced. They are:

1. Stop (use your stop signal)
2. Name your feeling
3. Calm Down (use a strategy)

Students are learning to use the word "stop," or another word similar to it, when they recognize those feelings of a strong emotion to start the process of getting their body back in control, followed by labeling their feeling. In the next few weeks students will be introduced to some calming strategies.

KIDS CLUB FUN

Sandhill Kids Club - 2020

ART SUPPLIES NEEDED

The art room is in need of the following donations for stop motion animation unit:

- Lego figurines
- Toy figurines (animals, people)
- Lego bricks

If your kids, niece or nephew are cleaning out their toy room and would like to donate these items to the art room, they would be much loved and appreciated! I will continue to collect until I've got a good stock of items for students to choose from.

Thank you so very much for your consideration.

WANTED!!! PEOPLE UPLIFTING GREAT STUDENTS (PUGS) SIGN UP
