PARENT INPUT FOR CLASSROOM PLACEMENT FOR 2022-23

If you wish to provide input for the classroom placement for your child/children, please complete the Parent Input for Classroom Placement form and return it to Mr. Johnson by May 16, 2022.

SANDHILL ELEMENTARY SCHOOL
Parent/Guardian Input Form for Classroom Placement

The staff at all three elementary buildings work carefully to create classroom placements. The goal is to create heterogeneous classroom groups to accommodate the learning needs and styles of every student. Parents/guardians can also provide specific information about their child that could be helpful in assisting the student placement process. We take all input into consideration.

This PARENT/GUARDIAN INPUT FORM will ask you to summarize your child's strengths and special interests, and the type of learning environment in which your child can experience success. **There will not be a place where you can request a specific teacher. Forms that list a specific teacher will not be considered.**

The following factors are considered when assigning children to classrooms for the upcoming year:

1. Maintaining Similarity of Classroom Sections:
 - a. Balancing by gender
 - b. Balancing by ability levels (below, on, above grade level)
 - c. Balancing special needs and gifted and talented students
 - d. Maintaining classroom size as per district policy
2. Peer Relationships and Personalities:

Considerations are made based on whether students have significant difficulties with one another or who get along too well.
3. Related Arts and Individual Education Planning Team Requests:

Input from both teams is considered.

Any parent/guardian input **must be in writing** on the form on the reverse side of this letter.

The deadline for all input is May 16, 2022.
Please return the form to the main office.

Thank you for your patience and understanding in this matter.

*Bob Johnson, Principal
Sandhill Elementary*

CHILD PROTECTION UNIT

Dear Families,

As you know, we are using the Second Step program in your child's class. The Second Step program teaches children important skills for getting along with others and doing well in school. It also helps our school be a safe and supportive place where everyone can learn.

To help make our school even more safe and supportive, we are going to begin the Second Step Child Protection Unit. In this unit, your child will learn important safety skills that will help them stay safe from dangerous situations or abusive situations. These skills include learning ways to recognize when something is unsafe, reporting anything unsafe to an adult, and refusing to participate.

Go to secondstep.org, create an account, and enter the corresponding activation key listed below to find helpful tips about talking with your child about protective behaviors and learn more about what is being taught in the Child Protection unit. Thank you for helping us make our school a safe and supportive place where everyone can learn.

- **CPUK FAMI LYGK- Kindergarten**
- **CPU1 FAMI LYG1- 1st Grade**

THIS WEEK'S NHA MESSAGE:

Being a parent can be hard! You know, those times when your kiddo is melting down in the grocery store or arguing with you about your expectations. How you respond MATTERS!

A few strategies combined with the NHA Stands can change these hair-pulling moments into opportunities for learning and relationship building.

First, remember the long game. Raising good human beings.

Next, give low energy to the behavior and help your child walk through their emotions by giving them clear and concise directions. Getting angry just increases your child's dysregulation and ability to calm themselves.

Follow up with high energy to any movement in the right direction.

Repeat as necessary.

Repeat as necessary.

Repeat as necessary.

Using this equation in the short term over and over again, will reap the rewards in the long game! You are your child's biggest influencer. Not their friends, not social media- YOU!

It's the hardest, most important, job in the world!

To your INFLUENCE, GREATNESS, HUMANITY, & SIGNIFICANCE...
