**Door#1 - Student Entry/Exit**

- Entry/Exit for Students

**EXIT**

- Exit Only (ALL Vehicles)

**Traffic Guard Stations**

The City of Stoughton will be doing road work on Lincoln Ave. & Jackson St. this summer. Additionally, there will be some light construction taking place at the High School at the same time. As a result, student drop-off & pick-up will look extremely different.

**DROP-OFF & PICK-UP ONLY:** If you plan to use the drop-off/pick-up lane (red line on map above) at the High School during Summer Excel, you must enter at the back of the High School on **Devonshire Rd**. Upon entering, you will go left through the last row of the parking all the way to the one-way road that runs along side the building and then around to the front of the building. From there, you will pull as far ahead as you can in front of the building. Once your child is dropped off/picked up, you will exit out onto Lincoln Ave. For the safety of everyone, please **DO NOT** drop-off or pick-up your student until you are in front of the building. There will be staff along the route to help with traffic flow and safety.

**PARKING & WALKING YOUR STUDENT IN/OUT OF THE BUILDING:** If you plan to park & walk your student in/out of Summer Excel, you will enter on **Lincoln Ave** and park your vehicle in the lot in front of the High School. You will only be allowed entrance if you are parking your vehicle. There will not be any access to the drop-off/pick-up lane from this entry point. You will also exit out onto Lincoln Ave after walking your student in/out of Summer Excel.
